Frequently Asked Questions

How do I redeem an offer?

To redeem an offer, login to the portal and search for the offers that you would like. Select the offers that you want and then add to your cart. When you have finished, go to your cart and purchase the gift cards or vouchers.

For NDIS offers, go to the offer you are interested in and follow the appropriate redemption instructions given. You won't be asked to purchase any NDIS offers directly from the portal, you'll just given codes or instructions to use at point of purchase with the supplier.

Are these discounts for my own money or my NDIS plan?

The majority of the discounts and offers are for use with your own money. MyIntegra plan management wants to provide these offers for all active clients as a way to say thank you for your support.

We do have a section of specific NDIS offers that are for use with your NDIS budget. These are in their own specific section and under 'NDIS Deals'. These have been provided by a range of top disability providers that MyIntegra has a close relationship with. Once you engage one of these providers and follow the redemption instructions then they will apply the discounts to the invoices that they send to us for payment.

Does MyIntegra get compensation or commission for these deals?

MyIntegra has worked with a number of third parties to collect and present all of these offers to you for your own benefit. MyIntegra receives no compensation or commission for providing these to you (in fact, we actually pay for the privilege to provide these). We want to truly help your dollar, whether personal or NDIS budget, go further.
