myintegra

Why choose MyIntegra for Level 3 Specialist Support Coordination?

MyIntegra offers face to face support coordination services across New South Wales, Victoria, Queensland and Western Australia, with remote options available nationwide.

Highly qualified professionals

Our Support Coordinators are experts in managing complex cases and are trained to handle delicate scenarios, ensuring the best outcomes for participants.

Effective communication

We prioritise clear communication, working closely with hospitals, guardians, the justice system, and providers to offer tailored support that meets each participant's needs.

Proven success in complex situations

We have a strong track record in crisis management and handling diverse needs, including physical disabilities, hospital discharges, psychosocial disabilities, community resettlement, and alternative accommodations. Our head of clinical practice provides regular supervision and case reviews.

Continuous quality assurance

Quality is central to our service. We consistently meet NDIA standards and maintain our ISO 9001 certification through regular audits, reflecting our commitment to high-quality services.

Strong relationships with stakeholders

Our network of trusted relationships with the NDIA and mainstream providers enables us to facilitate timely access to essential services and supports.

Innovative problem-solving

Our Coordinators excel in addressing complex issues, providing innovative solutions and proactive support tailored to each participant's needs and goals.
